Where Were You Reading This Summer?

Hello everyone! The Willard School wants to know where your children have been reading this summer! Traditionally, we have had students bring in pictures of themselves reading during the summer months. We are going to tweak it a little bit this year. We are asking that you please email a picture of your child reading in their favorite spot. Please include their name and September grade level.

- Pictures may be displayed on a physical bulletin board at the Willard or in an iMovie video that will be shared by teachers in the classrooms only. This may be shared via zoom, or projected in the classroom.

- Please email pictures to Pkevane@concordps.org

Have a great summer!
